Medical Equipment	Accessible to which disability types?							EXAMPLES						
	Model available with accessible features?		Assisted Mobility		Unassisted Mobility		Dexterity	Hearing	Vision	Cognitive	Manufacturer/Distributor	Model or Item #	Website	Accessibility Features
Many pieces of medical equipment used for bariatric patients have not been included in this list because that market is well defined and outside of the scope of this project at this time.														
Cardiac/Fitness														
Elliptical trainer	X	X	X	X			X			BioStep	Semi-Recumbent Elliptical	http://www.biomed.com/rehab/cycles/cycles_200feat.htm	Seat rotates to each side Low step-through design Grab handles for transfers Movable armrests, trunk belt, foot straps, and handgrips available Automatic controls Simple, easy to read display	
	X	X	X				X			Cybox	Total Access Total Body Arc Trainer	http://www.cyboxintl.com/Products/ta/630Ai/intro.aspx	Raised console icons and color allow easy identification of main controls by color, large buttons, and large text Color contrasted foot pedals Static side handles offer stability during mounting, dismounting, and exercise Locking mechanism for foot pedals provides stability	
Rower														
Stair stepper														
Stationary bicycle	X	X	X							SportsArt Fitness	C530r Cycle	http://www.promedproducts.com/s.nl/it.l/id.818/f	Step-through design	
	X	X	X							Schwinn	231 Recumbent Exercise Bike	http://www.schwinnfitness.com/schwinn-fitness/equipment/recumbentbikes/prdcdovr-370005/Schwinn+231+Recumbent+Exercise+Bike.jsp	Step-through design Padded seat Lumber support seat back	
	X	X	X							NuStep	TRS 4000	http://www.nustep.com/product/trs4000/	Seat 20" to 22" high, swivels 90 degrees to either side	
	X	X	X				X			Cybox	Total Access Upright Cycle	http://www.cyboxintl.com/Products/ta/530Ci/intro.aspx	Raised console icons and color allow easy identification of main controls by color, large buttons, and large text Color contrasted handlebar grips Large text and raised numbers on seat positioning device Heel straps on foot pedals Central seat adjustment allows user to change seat height with either hand	
	X	X	X				X			Cybox	Total Access Recumbent Cycle	http://www.cyboxintl.com/Products/ta/530Ri/intro.aspx	Raised console icons and color allow easy identification of main controls by color, large buttons, and large text Color contrasted handlebar grips Large text and raised numbers on seat positioning device Heel straps on foot pedals Central seat adjustment allows user to change seat height with either hand	
	X	X	X				X			Scifit	ISO7000R	http://www.scifit.com/medical/recumbentbikes/IFI.shtml	Tactile and color coordinated overlap Adjustable oversized recumbent swivel seat with side handles Step-through design	
Treadmill	X	X	X							SportsArt Fitness	T650m Treadmill	http://www.promedproducts.com/s.nl/it.l/id.823/f	Adult and pediatric handrails	
	X						X			Cybox	Total Access Treadmill 445T	http://www.cyboxintl.com/Products/ta/445Ti/intro.aspx	Multiple belt logos ensure one logo is always completely visible so that visually impaired users can recognize if belt is moving Raised console icons and color allow easy identification of main controls by color, large buttons, and large text Provides emergency stop for users with limited upper limb function Running deck and belt are color contrasting
